The information, as provided, is for informational purposes only and should not be interpreted as complete, nor should it be considered legally binding. Coordination with both your state and the destination state plant regulatory agency listed above may be necessary to stay up-to-date on revised requirements.

NURSERY STOCK DEFINITION

Trees, shrubs, woody plants and strawberry plants, whether wild or cultivated and parts thereof for propagation.

GENERAL SHIPPING REQUIREMENTS

All nursery stock moving into Massachusetts must have attached a copy of a valid inspection certificate of the state of origin and is subject to inspection. Anyone receiving nursery stock must immediately notify the Bureau, giving name and address of the consignee and other information as required. Infested or infected nursery stock may be destroyed, treated or returned to the consignor at the consignor's expense.

NOXIOUS WEEDS

Prohibited Plant List - Lists plants prohibited from sale, trade, purchase, distribution and related activities for that plant are prohibited.. Please note phase-out dates.
