The information, as provided, is for informational purposes only and should not be interpreted as complete, nor should it be considered legally binding. Coordination with both your state and the destination state plant regulatory agency listed above may be necessary to stay up-to-date on revised requirements.

Notification of Nursery Stock Shipments

Notification of nursery stock shipments, when required, should be faxed to 701 328-2240 or emailed to celhard@nd.gov.

NURSERY STOCK DEFINITION

NURSERY STOCK means all trees, shrubs, and woody vines and parts thereof which are capable of propagation or growth except seed. Only those plants that are intended for outdoor planting are considered nursery stock. All *Clematis*, *Rosa* and *Yucca* species are exempt.

GENERAL SHIPPING REQUIREMENTS

All plants and plant parts defined as nursery stock must be from an inspected and certified source from the state of origin where the plants were grown. A copy of the current valid certificate of inspection from the state of origin must accompany all commercial shipments of nursery stock into the state. The certificate does not need to be filed with the Department of Agriculture. No permits or fees are required to ship into the state. Any out-of-state person who sells nursery stock from a vehicle or other place of business within the state must have a North Dakota nursery license.

NOXIOUS WEEDS

<i>Acroptilon repens</i>	Russian Knapweed
<i>Artemisia absinthium</i>	Absinth wormwood
<i>Cirsium arvense</i>	Canada thistle
<i>Euphorbia esula</i>	Leafy spurge
